ADMINISTRATIVE AND BUDGETARY COORDINATION OF THE
UNITED NATIONS WITH THE SPECIALIZED AGENCIES AND
THE INTERNATIONAL ATOMIC ENERGY AGENCY

Budgetary and financial situation of organizations
of the United Nations system

Statistical report by the Administrative Committee on Coordination

1. This is the third report of its kind to be presented by the Administrative Committee on Coordination. Taking account of comments made during the discussion on the previous report (A/47/746), additional detailed data concerning assessed and voluntary contributions by State have been included to replace data that have, in the past, been provided to the Committee on Contributions. For this reason, data in tables 4 and 8 exceptionally cover the period 1991-1993. 1/

2. The data in the report are set out in tables, which may be grouped under the following three subject headings:

(a) Regular budgets and assessed contributions:

Table 1. Approved regular budgets (1986-1995): This table shows, for each of the organizations appearing in the report which has an assessed regular budget 2/ and for each of the years 1986 to 1995, the total amount of approved regular budget appropriations, including any supplementary estimates.

Table 2. Assessed contributions (1986-1995): This table shows, for each of the same organizations and the same years as in table 1, the total assessments payable by member States under approved regular budgets. Assessed contributions relating to extrabudgetary activities, such as certain peace-keeping operations of the United Nations, are not included.

Table 3. Percentage assessments (1994 and 1995): This table shows, for each of the States members of the organizations in the preceding tables, the percentage amounts of the assessed contributions payable under approved regular budgets in 1994 and 1995.

Table 4. Assessments voted and received (1991, 1992 and 1993): This table shows, for each of the States members of the organizations in the preceding tables, the assessments payable under approved regular budgets, and, in the case of the United Nations, under peace-keeping, and the amounts collected in relation to current assessments and arrears in each of the years 1991, 1992 and 1993.

Table 5. Collection of assessed contributions (1992 and 1993): This table shows, for each of the same organizations as in the preceding tables, the percentage of the current year's assessed contributions under approved regular budgets that was collected at 30 June and at 30 September of the two most recent years for which such data are available (1992 and 1993). The table also shows by organization the total amount of all assessed contributions under approved regular budgets that were outstanding at 30 September of the same two years.

(b) Working capital funds:

Table 6. Working capital funds (1994-1995): This table shows, for each of the same organizations as in the preceding tables, the level of working capital funds in relation to the level of approved regular budget estimates for the period 1994-1995.

(c) Expenditure and receipts of voluntary contributions:

Table 7. Voluntary contributions: expenditure (1991, 1992 and 1993): This table shows expenditure of resources in cash and in kind outside approved regular budgets by each of the same organizations as in the preceding tables, and by organizations financed from voluntary contributions, 3/ in the years 1991, 1992 and 1993. Expenditure for all activities for which organizations are executing agents are taken into account except that, as in table 2, data relating to extrabudgetary peace-keeping operations are excluded.

Table 8. Voluntary contributions: receipts (1991, 1992 and 1993): This table shows voluntary contributions in cash and in kind received by each of the same organizations as in table 7, in the same years (1991, 1992 and 1993). Data are presented in two sections: section I: receipts by State, and section II: total receipts from other contributors.

3. The footnotes accompanying the tables in several cases not only clarify individual figures but also provide general explanations relevant to the scope and interpretation of the data presented.

Notes to table 1

a/ This table shows the amounts of the estimated expenditure actually approved under regular budgets plus any approved supplementary estimates, net of staff assessment. No adjustments have been made in the figures. Where the estimates approved make provision for an amount for an undistributed reserve, it is excluded from the figures, so that the comparisons relate to effective working budgets. Estimated expenditure for the support of extrabudgetary activities is included where and to the extent that it is integrated into the regular budget. Estimated budgetary reimbursements to accounts drawn upon to finance expenditure under the budget or supplementary authorizations are reported in the period of reimbursement. Figures for biennial budgets are divided into two equal annual amounts; supplementary estimates are reported according to the years to which they relate. Where budgets are denominated in a currency other than the United States dollar, the amounts reported are translated into the dollar at the United Nations operational rate of exchange at the end of each year, except for the 1994 and 1995 figures, which have been translated at the December 1993 rate. Rates used are as follows: (a) Swiss francs to the dollar (UPU, ITU, WMO, WIPO): 1986 - 1.68; 1987 - 1.36; 1988 - 1.44; 1989 - 1.61; 1990 - 1.27; 1991 - 1.43; 1992 - 1.44; 1993-1995 - 1.49; (b) dollars to pounds sterling (IMO, from 1988): 1988 - 1.72; 1989 - 1.56; 1990 - 1.97; 1991 - 1.77; 1992 - 1.51; 1993-1995 - 1.49.

b/ Provisional.

c/ Net of reimbursable expenditure.

d/ Under the split appropriation and assessment system introduced in 1986, footnote (f) to table 2 applies.

e/ Subject to approval by the General Conference.

Notes to table 2

a/ This table shows the amounts of assessed contributions actually payable by Governments to finance approved regular budgets and any supplementary estimates. No other financing is reported. Where organizations have an undistributed reserve, the corresponding amount of contributions is excluded from the figures. The effects of the operation of provisions concerning tax equalization funds are not taken into account. Except where stated otherwise, assessments under budgets denominated in currencies other than United States dollars are translated into dollars on the same basis as the budget appropriations (see table 1, footnote (a)). Differences between the amounts shown on this table and the total amounts shown on table 4 relate mainly to amounts actually assessed for tax equalization funds (which are included in table 4) and to contributions assessed on a member State that ceased to exist. In the case of IAEA, the difference relates to the valuation of Austrian shilling contributions in table 4.

b/ Provisional.

c/ Contributions are payable in Swiss francs under the assessment system introduced with effect from 1990. The rates involved (Swiss francs to the dollar) are: 1990-1991 - 1.75; 1992-1993 - 1.55; 1994-1995 - 1.45.

d/ The portion of contributions payable in French francs under the split-assessment system introduced in 1988 is calculated at the following French franc-dollar exchange rates: 1988-1989 - 6.04; 1990-1991 - 6.40; 1992-1993 - 5.75; 1994-1995 - 6.45. The current figure is subject to variation according to operational exchange rates between the two currencies.

e/ At the following Austrian shilling-dollar exchange rates under the split-assessment system introduced in 1988: 1988-1989 - 12.20; 1990 - 12.90; 1991 - 11.20; 1992 - 11.30; 1993 - 12.00; 1994-1995 - 12.90. The current figure is subject to variation according to operational exchange rates between these two currencies.

f/ At the following Austrian shilling-dollar exchange rates under the split appropriation and assessment system introduced in 1986: 1986-1987 - 19.50; 1988 - 14.20; 1989-1991 - 12.70; 1992 - 10.90; 1993 - 12.70; 1994-1995 - 12.70. The current figure is subject to variation according to operational exchange rates between these two currencies.

g/ Subject to approval by the General Conference.

Notes to table 3

a/ A dash (-) opposite the name of a country indicates that it is not a contributor to the organization under the scale of assessments.

b/ The 1995 scale of assessments will be decided by the General Assembly at its forty-ninth session.

c/ The rates of assessment are not percentages but portions of a scale adding to 69.92. The 1995 scale is dependent on that to be decided by the forty-ninth session of the General Assembly of the United Nations.

d/ 1995 rates of assessment are provisional.

e/ Owing to special principles of assessment applicable to the safeguards component of the regular budget, the final scale is to three decimal places rather than two. The 1995 scale is subject to approval by the General Conference.

Notes to table 7

a/ This table covers expenditure in cash of resources provided outside assessed regular budgets (for which see table 1). It also contains the value of expenditure in kind when this is included as expenditure in organizations' financial statements (see relevant notes). Resources channelled by funding organizations within the system to international financing institutions and to bodies outside the system are reported by the funding organization. Subject to this exception, all expenditure is reported by the executing organization in order to avoid double counting. Expenditure on support costs for technical cooperation activities is included to the extent that it is not integrated into regular budget expenditure estimates. Expenditure incurred in currencies other than United States dollars has been translated into dollars at the exchange rates judged most appropriate by the organizations concerned.

b/ Taking into account note a/, figures include expenditure in respect of United Nations trust funds, UNFICYP prior to 16 June 1993 (after which period it was financed from special assessments), the United Nations Environment Programme (UNEP), the United Nations Institute for Training and Research (UNITAR) (including UNITAR Special Purpose Grants Fund), the United Nations Centre for Human Settlements (Habitat) (United Nations Habitat and Human Settlements Foundation and the International Year of Shelter for the Homeless), the United Nations Conference on Trade and Development (UNCTAD)/General Agreements on Tariffs and Trade (GATT) International Trade Centre (ITC), and the United Nations University (UNU). Excludes peace-keeping operations financed from special assessments and regular budget.

c/ Does not include write-offs of pledges and other items.

d/ See note e/ to table 8.

e/ See note g/ to table 8.

f/ See note h/ to table 8.

g/ Includes expenditure in kind of \$749.1 million in 1991, \$909.9 million in 1992 and \$717.3 million in 1993.

h/ Excludes the Pan-American Health Organization (PAHO), the International Agency for Research on Cancer (IARC) and other internal WHO funds.

i/ The figures shown apply to the bienniums 1990-1991 and 1992-1993 respectively; annual figures are not available as the organization operates on a biennial basis.

Notes to table 8

a/ This table covers contributions provided outside assessed budgets (for which see tables 2 and 4). It also contains the value of contributions in kind when these are included as income in organizations' financial statements (see relevant notes). Section A contains contributions from States and section B shows the total contributions from other contributors. Contributions received in currencies other than United States dollars have been translated into dollars at the exchange rate judged most appropriate by the organizations concerned.

b/ Figures include voluntary contributions to UNFICYP and to other peace-keeping operations financed from special assessments and regular budget.

c/ Includes technical cooperation trust funds and counterpart contributions.

d/ 1993 figures include January to June only. In addition, contributions to special purpose grants funds are reported in section B (Other contributors).

e/ UNICEF does not record contributions in kind as part of regular income. The above figures therefore do not include contributions in kind valued by donors at \$9.4 million in 1991, \$24.5 million in 1992 and \$11.9 million in 1993.

f/ Excludes income from greeting cards and related operations.

g/ Includes contributions in kind of \$63.6 million in 1991 and \$82.7 million in 1992-1993.

h/ Includes contributions in kind of \$66.6 million in 1991, \$145.1 million in 1992 and \$304.3 million in 1993.

i/ Includes contributions in kind of \$745.7 million in 1991, \$910.4 million in 1992 and \$716.8 million in 1993.
