CEB/2022/HLCM/CM/4
14 July 2022

To: All member organizations and AITC

From: Michael Rosetz 
Senior Inter-Agency Advisor, HR Management, CEB Secretariat

Subject: **Daily and monthly pay rates for freelance translators, effective 1 July 2022**

1. In accordance with the 2013 CEB-AITC Agreement, please find in **Annex I** the daily and monthly pay rates for freelance translators, with effect from **1 July 2022**.
2. For freelance translators who had been employed under the 1991 CEB-AITC Agreement, the applicable rates under the non-regression principle are found in **Annex II**. The criteria to determine whether the non-regression principle applies are set out in the CEB circular of 14 December 2012 contained in the 2013 Agreement. With respect to the applicable rate, please note that:
 - (a) For translators on *non-local contracts*, the rate that applies is *either* the World Rate for 1 July 2022 specified in Annex I *or* the Non-local (Worldwide) rate for 1 December 2012 specified in Annex II, *whichever is higher*.
 - (b) For translators on *local contracts at one of the eight Headquarters duty stations*, the rate that applies is *either* the rate for 1 July 2022 specified for that duty station in Annex I *or* the rate for that same duty station for 1 December 2012 specified in Annex II, *whichever is higher*.
 - (c) For translators on *local contracts at a place other than one of the eight Headquarters duty stations*, the rate that applies is *either* the World Rate for 1 July 2022 specified in Annex I *or* the rate for that same place for 1 December 2012 specified in Annex II, *whichever is higher*.

3. The non-regression pay rates in Annex II are exclusive of the 9% social-security element. The social-security element is to be added to the applicable non-regression rate unless the translator is not entitled to that social-security element under paragraph 65 of the 2013 Agreement:

	T-I	T-II	T-III	T-IV	T-V
Daily (in USD)	17.76	22.44	27.06	32.64	39.14
Monthly (in USD)	327.09	413.22	498.40	601.04	720.78

Please note that in the above table and in paragraph 65 of the 2013 Agreement to which the table refers, the expression "social security" is used in its generic sense as a synonym of social insurance or social protection. It has no connection to any national government programme with a similar name, such as "Sécurité sociale" in France or "Social Security" in the United States.

4. It should be noted that further to the ICSC Comprehensive Compensation Review for UN System staff members and the resultant changes to the salary scale for staff members in the Professional and higher categories, the following adjustment factors are added to the 2022 net base salary rates: 13.21% for grade T-I, 11.86% for grade T-II and 6.00% for grades T-III, T-IV and T-V, in order to respect the principle of 'no-gain-no-loss'. The resulting amounts are used in lieu of the net dependency rates referred to in Annex III to the 2013 CEB-AITC Agreement and on page 1 of the Appendix to that Annex III, as the basis for multiplying the 12-month average post adjustment and adding the 9% social-security element. All other provisions of Annex III to the 2013 CEB-AITC Agreement and the Appendix to that Annex III remain unchanged.

5. The 2013 CEB-AITC Agreement and the present circular are posted on the CEB website.

Annex I
