30 achievements of UN Cares in 2011
We toast to a 2012 filled with success and achievements.

Here is a part of what we have accomplished in 2011, thanks to the support from all of you:

1. Together with UN Plus we launched in more than 65 countries the STIGMA FUELS HIV campaign. Thanks to all who worked to make this a success. www.bestigmafree.org

2. We have received more than 55,000 visits to our website www.uncares.org

3. The STIGMA FUELS HIV Facebook page reached 500 followers and we can reach more than 200,000 people who are friends of our followers.

4. We have more than 1,800 followers on Facebook, and we can reach more than 800,000 people who are friends of or fans!

5. We have nearly 700 followers on Twitter who listen to us, share our thoughts and replicate what we post.

6. The Secretary-General wore a "My HIV Status is Enlightened" Empathy Badge on June 8th

7. Pop icon Annie Lennox was also seen wearing an Empathy Badge on June 8th

8. A sub-regional workshop for Jordan, Lebanon, Syria, oPt (West Bank and Gaza), Kuwait and Iraq took place in Amman, Jordan - 30 Oct-1 Nov

9. We now have a facilitator’s guide for Conversations for Change (which, by the way, is in its 2nd printing).

10. We had a very intense and fruitful Regional Workshop for the Caribbean, in Jamaica.

11. Diana Peters, covering Latin America, went on mission to Colombia and helped revitalize UN Cares in that country, which hosts the largest UN presence in Latin America.

12. UN Cares focal points in dozens of countries organized, led, inspired and mobilized UN staff on World AIDS Day, leading to impressive results.

13. UN Cares was invited by ILO to participate in a forum where employers from the public and private sector talk about HIV programmes in the workplace. We are proud to show what the UN is doing.

14. UN Cares launched an all-staff survey. More than ten thousand UN employees from all over
the globe responded and let us know to what extent we are meeting the minimum standards. Thanks!

15. We made an effort to be more linguistically diverse. The STIGMA FUELS HIV campaign was available in English, Spanish, French, Arabic, Portuguese and Chinese. And we are translating more materials.

16. We made available our 5 new videos in our website. Learning sessions around the world now include these videos and we receive encouraging feedback from staff.

17. As part of the stigma campaign, together with Saatchi & Saatchi, we created these great posters that thousands of UN employees around the world have in their offices:

18. For the first time, the United Nations included a contribution to UN Cares in its 2012-13 regular budget.

19. For the first time, the International Civil Aviation Organization (ICAO) contributed to the UN Cares global budget.

20. We conducted an external mid-term evaluation of UN Cares, with more than 130 people in 13 countries being interviewed.

21. UN Cares became active in Chile, thanks to the efforts of ECLAC.

22. The President of Fiji gave his World AIDS Day speech in front of a UN Cares poster.

23. A situation analysis mission to the DRC was undertaken, to help improve conditions for personnel there living with HIV.

24. UN Cares capacity building workshops were held for UN Cares teams in Darfur, Sudan.

25. A record number of PEP starter kits was procured and distributed to the field on time.

26. UN Cares and UN Plus agreed to support countries to establish “Friends of UN Plus” where needed.

27. In West and Central Africa, hundreds of staff and families came together to learn more about HIV and UN Cares at events (information session often with special focus on stigma) in Accra, Dakar, Banjul, Brazzaville, Cotonou, Ouagadougou, Monrovia, but also in more remote location such as Abacha (Chad) or Uvira (DRC).

28. Geneva held a Training of Trainers for UN Cares and learning sessions in English and French are happening regularly.

29. Our Youtube Channel called Bestigmafree received close to 1,400 visits.

30. We feel like we are making an impact to reach our goal: to make the UN an exemplary employer in regards to HIV.

Thank you!
